 **AI bot**

Booking Platform

- Players can easily find and book your padel courts.
- Real-time availability with customizable pricing (peak/off-peak).
- Secure online payments with minimal commission.

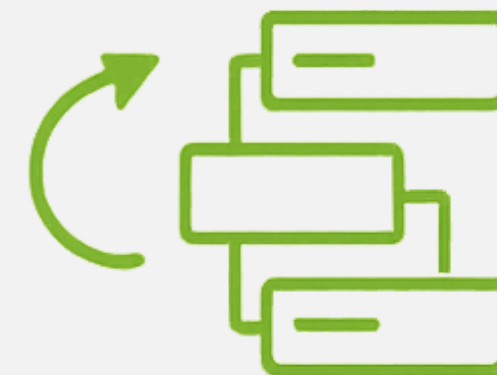

Tournament Engine

- Create and manage tournaments directly from Malaeb.

- Automatic draws, brackets and score updates.

- livestream your tournament through Malaeb Live.

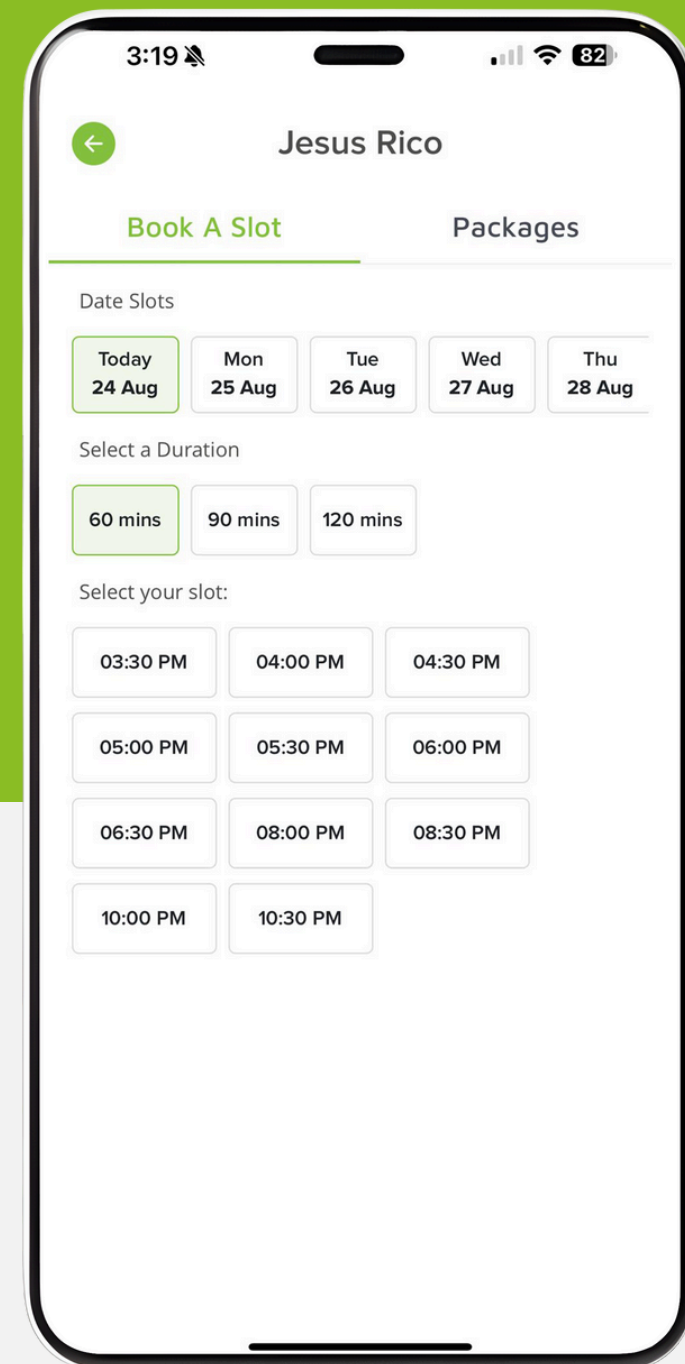

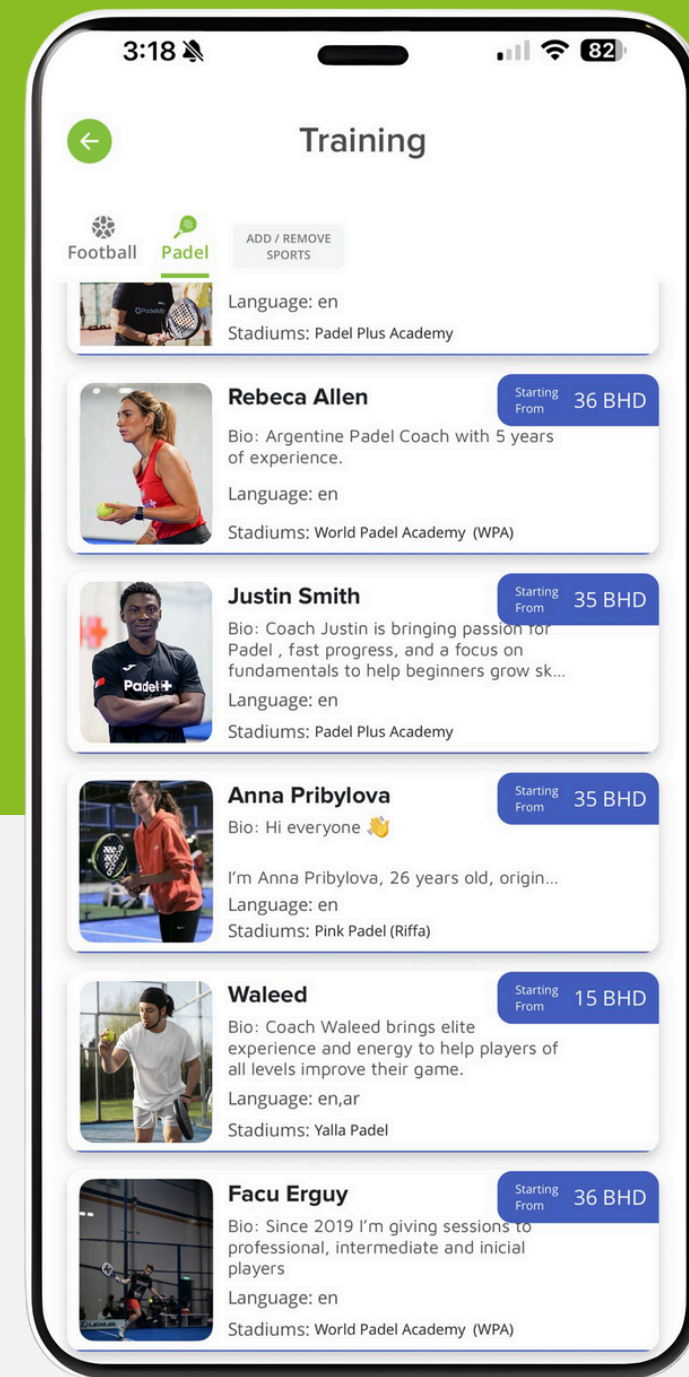

- Players and fans can follow matches live on the app.

Coaching Module

- List your club coaches for players to book sessions.
- Flexible pricing per player or per group (1–4 players).
- Coaches' schedules are synced with court availability.

Friendly Matches

- Players can post and join open matches.

- Clubs benefit by having courts filled even during off-peak times.

- Great tool for new players to meet and play with others.

Financial & Stadium Management

- **Wallet & Payments** – Manage club balance, add funds, and track transactions easily.

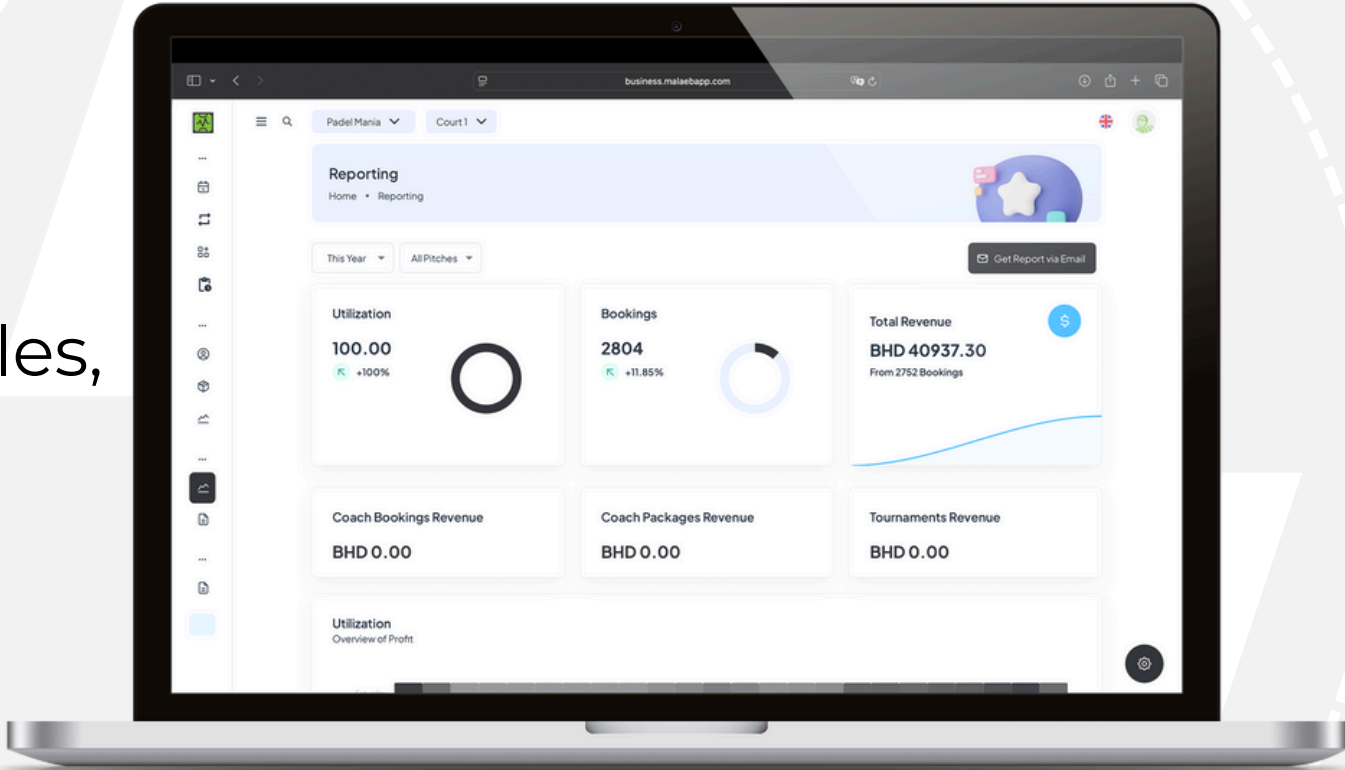

- **Manage Stadium** – Control court schedules, availability, and pricing in real time.

- **Billing** – Access invoices and payment history for smooth financial tracking.

- **Reporting** – Easy and smooth reporting exports.

Malaeb Business Dashboard
